DevSecCops.AI

About Us

DevSeccOps.ai is a fast-growing technology company specializing in secure and scalable DevOps solutions. We focus on integrating **Development, Security, and Operations** to help businesses accelerate software delivery while ensuring reliability and compliance. Our mission is to empower organizations with modern DevOps practices, cloud automation, and security-driven infrastructure.

Job Title: DevOps Intern

Company: DevSeccOps.ai
Location: Kurukshetra

Role Overview

We are looking for a motivated **DevOps Intern – Fresher** to join our team in Kurukshetra. In this role, you will learn and work on:

- Setting up and managing **CI/CD pipelines** for smooth deployments.
- Supporting **cloud infrastructure** (AWS/Azure/GCP).
- Containerization and orchestration using **Docker and Kubernetes**.
- Automation with scripting and Infrastructure as Code tools.
- Collaborating with developers, QA, and operations to improve processes.

Requirements

- Basic understanding of **Linux/Unix systems** and shell scripting.
- Knowledge of **Git** and version control practices.
- Familiarity with **CI/CD tools** (Jenkins, GitHub Actions, GitLab CI).
- Exposure to **cloud platforms** (AWS/Azure/GCP).
- Interest in **Docker/Kubernetes** and automation tools.
- Strong problem-solving skills and eagerness to learn new technologies.

Why Join Us

- Opportunity to learn cutting-edge **DevSecOps practices**.
- Work with a passionate and innovative team.
- Grow your career in the **fast-evolving DevOps domain**.
